

In the Specification:

The substitute specification as originally filed includes paragraph numbering. The substitute specification additionally includes paragraph numbers [00001] and [000036], as well as the description of Figure 11 in paragraph [000018]. Copies of these pages (pages 1, 4 and 8) are attached herewith in marked-up form for the Examiner's reference with the aforementioned paragraphs underlined. The applicant requests that the substitute specification be entered accordingly and considered by the Examiner during prosecution. No new matter has been added.
